HANGING PLANT CONTAINER

If you are looking for a large showy planter then you need the H₂O Labor Saving Hanging Plant Container. This planter is great for Municipalities, Hospitals, Universities and prominent Corporations.

This planter has a 23" outside diameter and includes a 2.6 gallon water reservoir. A large heavy duty plastic chain hanger comes standard. Made to withstand temperatures from -40° F to 220° F. The removable liner allows you to change out plant material as needed or seasonal.

THE "WEEKENDER"

This is the residential version of the H₂O Labor Saver. Don't worry if you want to go away for the weekend. The one gallon water reservoir holds enough water to last until you get back.

The "Weekender" has a large 16.1" outside diameter and includes a 1 gallon water reservoir. A 3-strand heavy duty wire hanger comes standard. Available in white, black, sand, sea foam green and terracotta.
