UNIQUE PLANTERS

The Antique Kettle has a hammered-like finish making it a perfect holiday centerpiece. It comes with optional punch-out drainage holes.

The Mayan Garden Container resembles an adobe cliff dwelling that encourages the best and most intensive use of limited amount of floor space.

MILANO PLANTERS

Milano Planters look like classical terra cotta without the chipping and fading of terra cotta. A fine matte finish is embellished with a hand-awled ring wrapped around the upper third of the planter. Rail Planters come in a 4 piece set or as a one piece fitting on any 4" or 6" railing. Also, the creative Modular Planters have crevices on the bottom allowing for another to be placed on top to create all sorts of unique gardening placements.

URN PLANTERS

Classic Renaissance Urn
Regal, convex flutes define the bowl adding the illusion of height. This urn looks more like concrete than most real stone urns. Two-piece construction, with optional punch out drainage holes.

also in:

Grecian Urns

A perfect transition from classic Greece to America's Garden Scene. This series of urns combines the natural look of stone with the durability and economy of polypropylene.

Contemporary Urn

The classic design helps bring out any plants or flowers and is a great addition to other planters.

Classic Pedestal Urns

Two classic renaissance urns are joined by a durable powder-coated, heavy gauge steel support to provide dramatic planting possibilities indoors or out. Urns are sold in a unique wrap package which includes 2 urns, the base and the special steel support.

SERIES PLANTERS

Fluted Leaf Series Planters

These planters combine the classical look of vertical concave flutes below a continuous band of oak leaves to create an original design with universal appeal.

also in:

Verona Series Planters

Distinctive styling is achieved by using an attractive roping detail to rim the top and the bottom of this outdoor planter. Curved concave flutes are used around the middle of the planter to complete this distinctive look. The Verona Series planters have attached saucers.

FASHION POTTERY

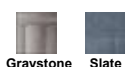

The Dover is a taller planter and this provides an opportunity to plant at different tiers. The finish on the Dover has the look of a century old stone piece. Other color choices shown below.

The Covino has the appearance of a weathered stone pottery. The wide vertical convex flutes stretch from the radiused base to the heavy rim. Other color choices shown below.

The Helmsley planter dives the deck, patio or porch a refined look. The planter has a light texture over the entire planter with a band of tulip shaped leaves around the upper portion. Other color choices shown below.

The Trieste planter with its narrow flutes around the base of the planter and the decorative medallions around the upper portion of the hand thrown body makes this planter unique. Other color choices shown below.

GARDEN-LITE PLANTERS & SAUCERS

Athena Bowl

Athena Vase

The **Athena** series steps back in time to ancient Greece when planters were carved of stone or clay. Acanthus leaves adorn the lower portion of the planter while the upper portion has a band of classic egg and dart decoration around the upper portion of the planter.

Barcelona Round Planter

Barcelona Square Planter

The **Barcelona** is a distinctive thick walled product with the regal look of vertical flutes set below a ring of grapevines just below the top rim of the planter. The Barcelona is a classical upscale design.

Capri Urn

Capri Rectangle Planter

A delicate iris flower set in perfect harmony against a finish that has been molded to replicate the look of real concrete or stucco. The **Capri** is a truly unique and beautiful design.

Strathmore Square Planter

Strathmore Urn

The **Strathmore** is a design providing the romantic motif of vines for a traditional look of European pottery. This style is basic to every thick walled pottery assortment.

A statement in elegance, the **Modena** planter brings back the look of handcrafted pottery from centuries past. Soft vertical flutes stretching from the base to a horizontal ring near the top with a band of leaves around the upper portion create an impressive and elegant planter.

Calm and serene, the **Easton** series has a grouping of engraved tealeaves around the main body of the planter that creates a calm and serene look with a band of decorative engraving around the planter above the leaves.

Saucers are the ideal companion to all Garden-Lite fashion planters.

TERRA ROMANO PLANTERS

The Terra Romano floor and wall planters reflect Old World craftsmanship. Thick, clay-like walls and handcrafted symmetry distinguish these better-than-clay look alikes. Built-in self-watering disks in floor planters; wall planter has optional punch-out for drainage.

Terra Roma Wall Planter

Terra Roma Self-Watering Planter

FLORAL PLANTERS

The Floral Planter has a traditional shape with a series of hand painted stems, leaves and blossoms over a neutral base color over the entire body. This planter can be used indoors or outdoors. These planters come in Yellow/Celery and Yellow/Sandstone.

CAPRI PLANTERS

These classically designed planters have the look of stone and are perfect for indoors and outdoors. They come in planters and an urn.

SELF-WATERING PLANTERS:

With patented hanger
Swivels 360°!

FLARE PLANTERS

A gently flared design helps show off flowers, and all have the integrated saucer. Choose a planter (right) or hanging planter (left).

RIBBED PLANTERS

This delightful design seems like it came straight from the potter's wheel, and all have the integrated saucer.

RIBBED HANGING PLANTERS

This hanging planter is patented with a 360° swivel hanger and tabs that hold the hanger to the pot, which prevents hanger tangle at point of purchase.

SCALLOPED WINDOW BOX

Water from any of the four corners with the self-watering design.

Moolah

Moolah Baskets are available at a great savings over the cost of similar baskets and are shipped complete with shaped cocomoss liner and hanger. Thick gauge wire is powder coated to prevent rust. Designed to sit flat on a grower's bench and in trucks for faster, more convenient planting and transporting. Moolah Baskets offer plenty of soil volume. Perfect for combination baskets that equate to a premium retail price.

- **Planters have flat bottoms to prevent rolling and spilling.**
- **Large soil capacity on all styles & sizes.**
- **Designed for the professional grower.**
- **Shaped cocomoss liner & hanger included.**

HEART THROB HANGING BASKETS

Heart Throb baskets are designed for years of outdoor use. Thick gauge metal is coated to prevent rust and ships complete with thick cocoliner and sturdy chain hanger. Beautifully accented, economically priced. Moolah baskets offer plenty of soil volume.

LAZY DAISY WALL BASKETS

These irresistible planters are sure to get attention! Hang on a gate, fence or wall, anywhere in the garden for a great accent.

TERRAZZO PLANTERS: ROUND & SQUARE

Elegant and resilient, Terrazzo Planters combine the look of authentic Italian terra cotta with the benefits of resin. Unique bottom-channel design provides excellent drainage. When used with a gravel layer below the drain plug, Terrazzo Planters become self-watering pots. The perfect combination of practicality and ageless elegance. Innovative rotational molding techniques produce a lightweight container with superior durability. Raised punch-out drain holes.

TERRAZZO URNS

Elegant and resilient, Terrazzo Planters combine the look of authentic Italian terra cotta with the benefits of resin. Unique bottom-channel design provides excellent drainage. When used with a gravel layer below the drain plug, Terrazzo Planters become self-watering pots. The perfect combination of practicality and ageless elegance. Innovative rotational molding techniques produce a lightweight container with superior durability. Raised punch-out drain holes.

NAPA PLANTERS

Napa planters retain the same weathered facade as their forerunners, Mesa and Bali. A simplified, sleek design utilizes the same features of the family - internal water feature and durable resin composite - with a taller, more streamlined, trendier shape.

14" and 16" pots are only available in Sage, Maize, Teak, Denim and Terra

MESA PLANTERS

These planters are inspired by colors from nature and are made of a lightweight, proprietary resin, giving the group a distinguished, weathered look. Mesa planters are angular with a generous, stylish band at the top, providing added interest. Inside, a water-minder™ insert provides for excellent drainage.

Napa and Mesa Planters are part of the ArtStone Collection

BRACKETS

DECK BRACKETS:

Hanging flower boxes on wood decks is easy with the patented Deck Bracket. The adjustable slide fits the bracket to 2" x 4" to 2" x 6" top railings without hardware or tools.

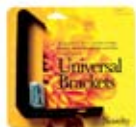

RAILING BRACKETS:

Made especially for wrought iron railings, these brackets also accommodate any railing 1-3/4" or smaller in width, including 1-1/2" deck lumber.

UNIVERSAL BRACKETS:

Universal Brackets are functional on wooden posts and fences, wrought iron railings, various types of wall surfaces, and individually as a clip for your terra cotta or plastic flower pots.

WALL BRACKETS:

Wall Brackets can be used on any vertical surface, including walls or wooden uprights on decks.

SPHAGNUM MOSSED PLANTERS

Our mossed planters are built on a heavy-duty, galvanized wire construction thickly mossed inside and out. Spun with monofilament reinforcement for less shedding and repeated use.

Standard Moss Baskets

Economically priced in sizes 10"-48". Complete with water moisture reservoir and sturdy wire hanger.

Cone Moss Baskets

Great look for hanging or as a patio planter set in our Euro Classic Plant Stand.

Hanging Balls

Create a "wow" effect with any compact growing plants. Simply dibble a whole and plant plugs.

Flat Bottom Moss Baskets

Designed with flat bottoms to avoid rolling and spilling during planting. Includes a water/moisture trap reservoir and sturdy wire hanger.

Half Baskets

This basket is over 1" thick with a layer of hand compressed moss which creates a water retaining shell. Flat back with full depth planting pocket.

FLOWERS, VEGETABLES AND HERBS, OH MY!

Convenience planters with form and function will be on your customer's lists for Spring 2009. These planters offer multiple planting options for decks, patios and customers with limited growing space. Display one planted along with soils and natural fertilizers in your flower, vegetable and herb sales sections.

NEW!

Nature Real™ Ultimate Patio Garden

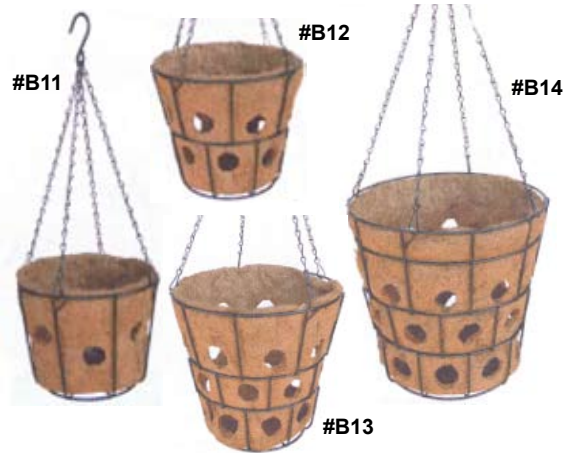

Create a fresh produce station *equivalent to fourteen square feet of garden while using only four square feet of actual space!*

The Ultimate Patio Garden is not only practical but your customers will love the natural look of this sturdy reinforced rattan container on their deck or patio. The unique design allows for planting upright vegetables within the flat area and trailing vegetables, herbs or flowers in the 16 side planting holes thus creating the Ultimate Patio Garden! Ships flat with liner. Easy 8 bolt assembly.

NEW!

Bloom Big Hanging Planters

Coco lined baskets designed for combination planting at its fullest. A simple combination of tomato and basil plantings will yield a tasty harvest at arms reach. No bed preparation, no weeding, so staking! And growing tomatoes inverted helps eliminate many crawling insect pests and ground fungus. Also try peppers, cucumbers, zucchini and others in combination with flavor enhancing herbs for an easy tending garden.

NEW!

Portable 60" Topiary Tower

Our 4 tier growing station allows ample room to combine fruitful and colorful delights to satisfy taste, sight and smell! The 7"-9" deep coco lined planting sections range from 12" to a huge 38" circumference allowing for great soil volume and water holding capacity. Your imagination is the only limit on plant combinations in the Portable Topiary Tower or you may want to

consider the entire space just for strawberries, YUM!

Nature Real™ Strawberry Jars

Here's a great new twist on a favorite garden standard. These extra large capacity planters with eight large side planting holes are made with a unique two piece wire reinforced construction which allows for easy planting and sturdy reattachment. Offered in a choice of two great natural looks of Brushwood or Green Moss. For your culinary customers, plant up a complete herb garden for summer salads and grilling! Don't forget some with flowers and of course strawberries too.

Try these accessories for natural patio gardening tie-in sales;

Bloom Master hanging baskets have more soil volume than typical hanging baskets. This allows the hanging basket to grow beyond maturity and live all season and stay moist longer. The side openings allow for incredible design flexibility and provide more oxygen to the root system. Because of the unique design, potting mix will not wash out of the openings.

Add value to your flowering containers with MagniMoist's "MORE WATER ON BOARD" plant tags and Point of Purchase merchandisers.

WATER is the number one issue affecting consumer success with containers and with MagniMoist you can offer your customers a value added solution. MagniMoist's smart fibers are a patent pending formulation of all-natural Kenaf plant fibers and 100% recycled binder. MagniMoist's fibers deflect water back up into dry soil above during watering. When the soil is fully saturated, the fibers become porous, releasing only the excess water.
